Summary

As a computer science student with a passion for JavaScript, I am always seeking new challenges and opportunities to grow. I have experience developing dynamic web applications using JavaScript and am currently expanding my skill set to include React.js. I am dedicated to staying up-to-date with the latest technologies and finding innovative solutions to complex problems.

Experience

MISCK

Web Developer

January 2023 - Present (1 year 2 months)

Lebanon

As an intern, I am gaining valuable experience as a React developer at MISCK in collaboration with IOTree. Working in a dynamic and fast-paced environment, I am actively involved in developing cutting-edge web applications using the latest React frameworks and technologies. With a keen eye for detail and a passion for front-end development, I am committed to contributing to the success of the team and advancing my skills as a developer.
